County Assessments Up \$4 Million

BEGIN NEW TERM...Hancock County Chancery Clerk John D. Rutherford, far left, pins an American flag on Mayor Warren Carver following swearing-in ceremonies Monday morning of the Bay St. Louis mayor and commissioners. Rutherford, who administered the oath of office to the three

men, also gave flags to Lucien Kidd, post one commissioner (second from left) and Clarence Ladner, right, post two commissioner. The council, which will meet Friday at 10 a.m., appointed Joseph Gex as city attorney.

Hancock County land assessments reflect an increase of \$4 million over last year's figure, indicating a new classification for the county of \$35 million or more, County Tax Assessor-Collector George Heitzmann told supervisors at a Monday meeting.

New assessment facts were revealed when Heitzmann submitted his department budget for the fiscal year 1973-74. The \$4 million increase, Heitzmann attributed to a recent \$10 per acre raise in acreage assessments.

Some time ago in a letter to all county supervisors, the state tax department advocated a \$24 per acre increase, Heitzmann explained. However, Hancock supervisors authorized only the \$10 raise with the concurrence of Robert A. Briggs, Jr., state ad valorem commissioner.

Although an accurate classification appraisal can't be determined until after December following assessment totals on vehicles, public utilities, and such, Heitzmann said he anticipates the county's assessment will exceed the \$35 million figure, indicating a re-appraisal program for the entire state, as well as individual counties.

In an unrelated matter, supervisors accepted a petition signed by 14 beat three residents, complaining of hazardous conditions on the Shiloh Church Road.

In the petition, residents charged that Beat Three Supervisor Oscar Peterson "began repair of the road by removing the hard surface and gravel and digging ditches. It has been several months since that work was stopped..." and inclement weather has created slippery road conditions, road flooding, and clogged culverts.

"The school bus and several automobiles have slipped off the road, needing assistance to be pulled from the ditch. One collision has occurred on a very bad turn," the petition continued.

A lengthy discussion of the situation followed reading of the petition between Clifford Ladner, one of the petitioners, and Peterson. Although no action was taken on the matter, supervisors promised relief as soon as possible.

The monthly claims docket was submitted and accepted with several exceptions. Beat One Supervisor Jerry Ladner disallowed Claim No. 207 from Stern Chemical Co., for some \$889. The bill was for signs which the company delivered to beat one, but which he had never authorized an order for, Ladner stated.

Ladner's refusal to accept a claim from Shaw Supply for a \$78 culvert was contested by Beat Five Supervisor James Tavira, who had ordered the culvert and authorized charging the

claim against beat one Road and Bridge account.

The culvert was part of road repair work undertaken by the other four supervisors in Bayside Park after Ladner refused to perform any work on the controversial roads.

The four supervisors agreed, by formal motion spread on the minutes, to repair the roads which Ladner said was illegal as the roads had not been accepted by the county. Ladner's objections Monday to the culvert claim were overruled when minutes were read reflecting authorization for the four supervisors to perform the work and payment for said work to be charged to beat one.

Sheriff Sylvan Ladner petitioned the board to consider another source of fuel other than Shell Oil Co., contracted fuel supplier for the county.

Sheriff's department pumps have been out of gasoline since Friday, Ladner said, creating an emergency for operation of patrol cars. A Shell representative could make no commitment as to when the pumps could be replenished, Ladner said.

In submitting his department budget for the coming year, the sheriff informed the board that a deficit has been caused by the city of Waveland's failure to pay a \$2,000 victualing bill for prisoners. Repeated verbal and written requests for remittance have brought no response from the city, Ladner maintained. The bill has accrued since Ladner took office 17 months ago.

The sheriff's department budget total of \$148,056.16 shows an increase over last year, he stated, due to higher costs of telephone and radio equipment, fuel costs and greater deductions for social security and state retirement.

Child Killed In Boating Accident

The death of a 10-year-old boy Wednesday in a Bayou Coco boating accident marked the first holiday fatality in Hancock County.

David W. Ernst, 10, was killed and his eight-year-old sister, Laura, critically injured when the power boat they were riding in collided with another boat about noon at the mouth of Bayou Coco where it flows into Jourdan River.

The two children with another sister and their father, Weldon, were riding in the 14-foot boat owned and operated by Frank Mumfrey of Metairie, La. When the Mumfrey boat collided with a similar craft operated by the children's

uncle, Adolph Ernst, Jr., David, his sister and Mrs. Mumfrey were thrown out of the boat by the impact.

Although she remained in the boat, eight-year-old Laura received deep lacerations of the head and possible internal injuries, according to a report from Hancock County Civil Defense Director Donald McIntyre.

Mrs. Mumfrey and the young girl were rescued from the water uninjured, but David's body was not recovered from the Bayou until about three hours after accident.

Search operations were conducted by Bay Police Chief William Carbonette,

State Game and Fish warden Pat Toomey and Bay Patrolman Harold Helne in one boat; and in another, G&F Warden C.J. Cameron, Sheriff's Deputy Leo Woods and Bay City Comm. Lucien Kidd, who finally recovered the boy's body in about 15 feet of water where the boats collided.

Laura was taken to Hancock General Hospital where she received emergency treatment, then was transferred to Ochsner Foundation Hospital in New Orleans. Two other members of the tragic accident who were not identified, were taken to Hancock General where they were treated for shock and later released.

The Ernst family, who resides at 4509 Lake Vista Dr., Metairie, La., was on a holiday vacation at Diamondhead. Mrs. Ernst had remained at the Diamondhead motel until when the family left to go boating early Wednesday morning.

Hancock Justice of the Peace Joseph Dobson was appointed acting coroner by Sheriff Sylvan Ladner and a jury empaneled at the scene of the accident. Acting as bailiff was Constable Sam Pernicaro and jurors were Deputy Lathon Garriga, Deputy Leo Woods, C.J. Cameron, Pat Toomey and Water Safety Patrol Officer Joe Seal. Jury's verdict was accidental death by drowning.

McIntyre reported a number of civilians assisted law enforcement officials in the search for the boy's body. The juncture of Bayou Coco and Jourdan River is about 17 miles north of Bay St. Louis.

City Officials Stall

On Fireworks Ordinance

With the Fourth of July holiday just four hours away, the Waveland Board of Aldermen Tuesday night postponed any decisive action on the city's ordinance prohibiting the sale of fireworks.

Although the city passed an ordinance in November 1972 prohibiting the sale, but not the shooting, of fireworks, several stands have been set up on Highway 90 and another on Coleman Ave., all advertising fireworks for sale. Although city officials had received several complaints about the fireworks' stands, the board decided at a recent meeting to allow retailers to continue because Marshal Fred Bourgeois had not notified the businesses of the ordinance and "many had purchased thousands of dollars of fireworks."

During Tuesday night's meeting the board discussed either repealing the present ordinance or adopting another one which would also prohibit the shooting of fireworks within city limits. Fourth Ward Alderman Ducre Bourgeois said that the only way to protect youngsters against the dangers of fireworks was to "stop the sale AND the shooting." Bourgeois added, "What difference does it make if they can buy fireworks in the Bay and then come down here and shoot them?"

The board finally decided to wait until a meeting could be arranged with City Attorney Lucien Gex Jr., to discuss drafting another ordinance. Gex was out of town for the holiday.

'The Paper's Not The Thing'

The former attorney for the Hancock County Board of Supervisors termed "ridiculous" a claim by a Louisiana culvert company representative that his bid for county culvert purchases was turned down because "it was on the wrong kind of paper."

Circuit Judge Ruble Griffin, who served as board attorney until May 1973, told the Echo Tuesday that William Bezdek's testimony before a state legislative audit committee concerning the Hancock County Board of Supervisors was "ridiculous and had no basis in fact."

Reiterating an earlier statement by Board President Alton Kellar that Bezdek's bid was turned down because it had no state bidder's license number, Griffin also pointed out that Bezdek's bid was for only a six-month period. Hancock County Supervisors had requested all suppliers bid on a 12-month basis.

"It was for those two reasons that Mr. Bezdek's bid could not be accepted," Griffin said. He added that no one mentioned "anything about any kind of paper." Bezdek, who is general manager of Bayou Culvert Manufacturing Co. of Crowley, La., has been testifying before the PEER committee in the state capital concerning padding practices of culvert companies in dealings with Mississippi supervisors.

Bezdek made the "paper" comment before the committee June 28. Earlier, Beat One Supervisor Jerry Ladner told the Echo that he would be willing to buy culverts from Bezdek's company if the bids were low and if the culverts were the same quality as the county has been buying.

License Granted For Radio Station

Bill Garrett, Sildell, La. businessman, today announced the acquisition of a FCC permit for construction of a 5,000 watt radio station in Hancock County.

The station, whose call letters have not yet been determined, will be built in Bay St. Louis on Blue Meadow Road. Its frequency will be 1190 on the a.m. dial and will operate from dawn to dusk.

Garrett who is the chief principal of Bay Broadcasting Corporation stated that construction will start immediately after the land is cleared.

"Although the law requires that we be operative by May 3, 1974 we expect to be broadcasting long before that," said Garrett. "We have already purchased the Gates transmitter and production equipment", Garrett added.

Garrett further stated, "One reason we chose to locate in Bay St. Louis was that Hancock county does not have a radio service of its own. We intend to provide news of the area, community services and an advertising media to the area merchants which were not previously available."

TEETH BARED and hand flailing, this rodeo rider hangs on like grim death to a jolting bull in one of the events during the Hancock County Rodeo and Livestock Assn. event last weekend. Large crowds attended the three-day event, held at the County Fairgrounds.

BRIDGE CLOSING

Shoreline Park residents are alerted that the Central Avenue bridge will be closed for repairs July 9, 10 and 11 between the hours of 8 a.m. to 3:30 p.m. The bridge will be accessible to light traffic only during open hours and operators of heavy vehicles are asked

to avoid the bridge for the three-day period. Beat Five Supervisor James Tavira asks area residents to "please bear with the inconvenience for the short while" that it takes to repair the badly damaged bridge.

Red Beans and Rice
Means Never Having
To Say You're Sorry

Since Nanci Campbell stole my thunder by writing an excellent "good-bye" column some weeks ago and because Adoree is planning some sort of Red Beans and Rice obituary for next week's paper, I am stuck with the task of formulating a farewell statement.

Not wanting to emulate the Academy Award winner who begins his thanks with his first grade teacher (all my teachers hated me—with good cause, of course) and works his way up to a current business associate, I would rather reflect a little on some of the things that have been, and still are, humorous about Hancock County.

Now maybe readers won't find these things as funny as I do, but they very rarely take anything seriously (except a banquet speech about community involvement).

What can you say about a Beach Road that still isn't finished, and probably never will be. That it is bumpy. That its divider lines are crooked. Or how about power poles right in the middle of a sidewalk? And a Main St. that has a hard time deciding which way it wants to go. A Bay city council that provided more laughs than a Marx Brothers movie. Or a Waveland board which was always polite no matter how often I missed the meetings.

A Lakeshore road contract signing picture which would now qualify for "Reflections". Fishermen stranded on sandbars because the Echo said high tide would be at one time when actually it was eight hours earlier or later (I confess—I cannot figure out those tides).

Meetings, meetings and more meetings that have made me decide that I won't even join the Book of the Month Club when I go to Greenville. People who ask me if I work for the Herald. Chasing a siren to a brush fire. Or a fender bender at the Bay Bridge.

The Hancock County Chamber of Commerce where the board outnumbers the members. Trying to conduct a United Fund campaign in a community that has mixed feelings about the Red Cross.

Attempting to convince people that the Echo really does not favor the Catholic religion...it's just that there are so many of 'em. A hospitality booth that will ultimately be built in the Test Site despite General Balch's objections.

Or a justice of the peace who urged me to bring my camera into the courtroom despite U.S. Supreme Court rulings. The House of Gexus and one of its members humor throughout Bay meetings.

NDP, IAP, CAE, EDA, EPA and PEER.

A Republican friend who unfairly accused me of disliking President Nixon (better known as Tricky Dicky).

The people of Hancock County who gave more than I can ever return.

And a friend named Adoree Shortle (pronounced Adalray Short-TELL)—who CAN pronounce my name—who was the Beans—and who made me laugh, through good times and bad.

Births

Mr. and Mrs. Cary D. Pierce announce the birth of their third child and third son, Matthew Adams, June 28, at Gulfport Memorial Hospital. He weighed seven pounds, 14 ounces.

Mr. and Mrs. Daniel LaFontaine III announce the birth of their fifth child and second daughter, Donna June, June 24 in Bellflower, California. She weighed five pounds, four ounces.

Mrs. LaFontaine is the former Margie Stiglet, daughter of Agnes Stiglet of Kiln. Mrs. Antoinette LaFontaine of Bay St. Louis, is the paternal grandmother.

Mr. and Mrs. Wayne J. Register of Hattiesburg announce the birth of their first child—a son—Wayne Collins, May 27 at Forrest General Hospital, Hattiesburg. He weighed six pounds, seven and one-half ounces.

Mrs. Register is the former Kathleen Maloney, daughter of Mr. and Mrs. Leo N. Moran of Bay St. Louis. Paternal grandparents were the late Mr. and Mrs. Joseph Collins Register of Jackson.

The new arrival is the first great-grandchild of Mrs. I.F. Bennett of Bay St. Louis.

WWI LUNCHEON

Waveland's American Legion Auxiliary Unit 77 sponsored a luncheon June 29 to approximately 125 World War I Veterans and Auxiliary members from around the county. The Veterans were attending a convention held at the facilities of American Legion Post 139 in Bay St. Louis.

The luncheon was planned and served by Louella Culbreth, Estella Decker, Evelyn Oiler, Jan Stroud, Hazel Tracey, Beverly Binegar, Dorothy Bielstein, Pat Warman, Frances Stork and Elba Courtault, all members of Unit 77.

Tables were decorated with centerpieces composed of American Legion Buddy Poppies.

Is It A Bird...Or A Plane? No, Just A Highway Patrolman

BY LAND AND BY AIR...via a newly-instigated system, State Highway Safety Patrol maintains a tighter traffic control through the use of department helicopters. Six of the department's planes have been designated for coordinated air patrol throughout the state. Above, Highway Patrol Asst. Inspector R.E. Blackwell and Patrolman Clyde Hester beside the patrol car maintain radio contact with Pilot-Patrolman J.C. Alston and Steve Henderson in the helicopter.

by Adoree Shortle
Echo Staff Writer

Motorists traveling Mississippi highways have been startled in recent weeks to see state Highway Patrol helicopters hovering overhead, occasionally dropping down like large birds of prey to stop a speeding car.

Within the last month six of the department's ten helicopters have been assigned to air-ground traffic control duty on a permanent basis. Although the department has been using helicopters for the past ten years for search and rescue and manhunt, the decision to use the machines for traffic control is a recent innovation in an effort to combat the high incidents of highway accidents and fatalities.

The planes travel the highways at an altitude of about 500 feet watching moving lanes of traffic while keeping contact with patrol cars on the ground.

If the airborne patrolmen spot a flagrant violator when there is no patrol car in the vicinity, they will very likely drop to a few feet over the car, turn on the siren and over the loudspeaker order the speeding driver to pull over.

This action has a devastating effect on the average motorist say the two pilots assigned to the Gulf Coast area.

"They'll look every way but up," said J.C. Alston, who with partner Steve Henderson, patrols state highways in a three-district area which includes the Coast.

Henderson added, "They really get upset when we land and start writing tickets."

Drivers who habitually

violate traffic laws while watching for patrol cars may as well give up now. There is no way to escape the eagle eye of a patrolman who, from 500 feet up, can see you long before you see him.

On the other side of the ledger there is the comforting thought that the highway patrol helicopter can also see a car in trouble on an isolated stretch of highway.

How big should a retail store be?

Everything's getting bigger these days...to better serve the American consumer.

Manufacturers and retailers have more space, more merchandise, more excitement, more customers. How do you reach those customers?

In newspapers, of course, the medium that lets you appear as big, as detailed and as informative as today's consumer wants you to be.

Compare newspaper spaciousness to the

confinements of television, where you can mention perhaps 3 or 4 items in 30 seconds. Not enough to tell the full product story.

And since 8 out of 10 adults read a newspaper every day, you also get sizeable coverage of your market in a very short time.

Newspapers. In the days to come their advertising power will mean more than ever to the marketer who wants to get bigger.

World War 1 Vets Convene In Bay St. Louis

The Department of Mississippi Veterans of World War I and its Auxiliary Units held an annual Department convention in Bay St. Louis June 28, 29 and 30.

Thursday morning more than 150 delegates and guests registered at convention headquarters, Ramada Inn. A joint session of Veterans and Auxiliary Units was held in American Legion Clement R. Bontemps Post 139.

The meeting was opened in accordance with the ritual by Barracks Commander E.J. Arceneaux with Barracks Chaplain H.G. Wingo offering the prayer. Department Commander J.E. Evans and Department Auxiliary President Pauline Charing conducted the meeting.

Mayor Warren Carver extended a welcome to delegates on behalf of the City of Bay St. Louis and Hancock County.

Regional Commander W.A. Hollis of Georgia was among speakers for the afternoon. He represented the National Commander and Grace Kimmel, Orlando, Florida, represented the National Auxiliary president. Other speakers were Hooker M. Coen, Commissioner of Veterans Affairs for the State of Mississippi; Robert P. Vinall, Biloxi V.A. facility; Merlin J. Cook, Jackson V.A. facility and A.G. Balus of the Gulfport V.A. facility. A panel of V.A. representatives with Commissioner Coen as moderator was held followed by a question and answer period.

In the evening the local Auxiliary unit entertained at a reception honoring the Department commander, Department Auxiliary president and Dr. W.C. Glasier, the Department's 103-year old active sergeant-at-arms.

At Friday morning's session reports of the various officers and committee chairmen were heard. The Ladies Auxiliary Unit of Waveland, American Legion Post 77, hosted the noon luncheon.

During the Veterans afternoon meeting resolutions were presented by Frank Oswalt, Wesson, Miss., resolutions chairman, and nomination and election of

officers for 1973-74 were held.

Elected were Samuel L. Dedman, Long Beach, Department Commander; John E. Evans, Foxworth, Senior vice commander; Clyde Rogers, Vicksburg, junior vice commander; Donald P. Dunn, Magnolia, alternate junior vice commander; Hon. Sebe Dale, Columbia, judge advocate; W.C. Wyatt, Biloxi, chaplain; J. Hugh Miller, Bay St. Louis, sergeant-at-arms. Harold R. Powell, Bay St. Louis, was elected for a fourth consecutive term as department quartermaster.

Ladies Auxiliary Units National Conductress Grace Kimmel noted that the Mississippi Auxiliary was the first to reach 100 percent in membership. This Department has won the National award for highest percentage of gain in membership for the past three years she stated.

Officers elected by the Department Auxiliary were Clara Riley, Jackson, president; Grace Wales, McComb, senior vice president; Ette May, Summit, junior vice president; Roselee Kyzar, Columbia, treasurer; Genevieve Cole, Biloxi, chaplain; Nan Ber-

tuccini, Ocean Springs, conductress, and Leola Harvey, Waveland, Guard.

The Friday evening banquet served by Ladies of Christ Episcopal Church was held in Virginia Hall with 115 veterans and Auxiliary members attending.

The Honorable Sebe Dale served as toastmaster; Chaplain Wyatt offered the

opening prayer and Rev. Charles R. Johnson, rector, Christ Episcopal Church, gave the benediction. Honorable Dan M. Russell Jr. was speaker for the evening.

Saturday morning National Representatives Grace Kimmel installed Auxiliary officers and W.A. Hollis installed the Veterans' officers. Following installation a

solemn and impressive memorial service under the direction of Chaplain Wyatt assisted by Sergeant-at-arms Miller and conductress Nan Bertuccini was held.

Veterans and Auxiliary members were tendered a farewell luncheon through the courtesy of Clement R. Bontemps Post 139 of the American Legion.

SANTA'S HELPERS, Mrs. Fred Stromeyer, left, and Mrs. Robert Blenvenu, display some of the many dolls they have dressed and refurbished for the Bay fire department sponsored Doll and Toy Fund. These dolls, along with many other toys, will be distributed by Santa next Christmas to delight needy children in the Bay area. Mrs. Blenvenu, who has a special workshop in her home, is asking for more dolls to dress and volunteers to assist her and other ladies working for the Doll and Toy Fund.

Start Now Only 174 Days Til Christmas

by Adoree Shortle
Echo Staff Writer

When temperatures hover in the nineties and the beaches beckon, not too many people think about Christmas and Santa.

However, some Bay residents are not only thinking about the Christmas season, they are doing something about it.

Bay firemen have already begun to work on this year's department-sponsored Doll and Toy Fund by refurbishing toys left from last year's collection.

Public response last year to the Doll and Toy Fund was as heartwarming as a fulfilled Christmas morning in an underprivileged home. Young firemen who rode with Santa on his rounds last Christmas eve said it was an experience not to be forgotten.

After the announcement of the Fund last November, toys and donations flooded into the fire station, enabling Santa to bring gifts to more than 100 children and 57 families.

Firemen worked feverishly around the clock to paint, repair and wrap hundreds of gifts which had been brought in by local citizens as well as from numerous persons living out of town. One New Orleans resident, hearing about the Fund, started her own collection drive in the city and within a few days sent two truck loads of toys!

Some gave toys and games, some gave money, and some gave both. There were even a few "hah, humbug" types who spent hours of their own time collecting, hauling, repairing and in general, adding to the small army of Santa's helpers.

Members of the Senior Citizens organization, headquartered in V.C. Jones building, took all other than dolls for a little loving care, and returned them clean, shiny, dressed in handmade wardrobes and wrapped in bright cellophane. Other Senior citizens wrought a little magic with

malfunctioning games, trucks and other toys.

Merchants and grocers, the department was able to give each family visited the makings for a complete Christmas dinner as well as toys for each child.

Donations to the Doll and Toy Fund may be mailed or brought any time to the Bay Fire station in Valena C. Jones building on Old Spanish Trail. Families wishing to be listed as recipients may contact Chief Fayard for further information.

In appealing to the public for help again this year, Fire Chief Richard Fayard said, "I know it's hard to think about Christmas in July, but if we start now we hope to reach twice as many families as last year."

The department's goal, "EVERY needy family has a Christmas dinner, and there is no child who doesn't get at least one toy on Christmas morning," isn't that what Christmas is all about?

Airport Project Takes Off

With two decisive actions by Hancock County Board of Supervisors Friday, a \$27-million expansion project at Stennis International Airport was assured.

A \$2,081,000 grant allocated to the Port and Harbor project through the Federal Aviation Administration was made possible by the Airport and Airway Development Act of 1973, recently signed by President Nixon.

At Friday's special meeting of supervisors, Port and Harbor Director Dr. Michael Smith told the board that this amount was \$832,180 more than we would have received through the original application. Conditions of the 1972 application called for 50-50 funding with county having to provide 50 percent of the cost. Under the present grant which is on a three-to-one basis, the county only has to come up with 25

percent, or \$693,957, of which \$38,600 has already been paid. Funds are available for the county's share through a 1969 bond issue.

In two separate but related actions, Board President Alton Kellar and Commission President Dr. John Levens signed the grant offer, then signed a contract for the runway extension project with T.L. James Co. of Kenner, La. A contract had been previously signed with Gibson Electric Co., of Georgia, for runway and taxiway lighting.

Construction is expected to begin within 10 days, Dr. Smith said.

Both Dr. Levens and Kellar commended the FAA, the Port and Harbor Commission and the Miss. Aeronautics Comm. for combined efforts and many hours of hard work "to make this project possible". Levens also praised

the offices of Representative Trent Lott and Senator John Stennis for their assistance.

In another airport matter, supervisors gave verbal agreement to an interim arrangement proposed by Dr. Smith for A.P. Croxton to act as fixed base operator at Stennis Field until more permanent arrangements can be made. Croxton is an aircraft mechanic who has been working at the airport for some time, Smith said, with a considerable amount of his own equipment at the airfield.

Croxton agreed to run the airport on a month-to-month basis, at a return to the County of \$500 per month rental and two cents per gallon on gas. Dr. Levens added that Croxton will also be expected to provide night security at the airport.

FAIR AND FAREWELL...Former County Civil Defense Director Lucien Kidd, seated center, was honored Friday afternoon with a surprise "farewell" party, hosted by employees at the county court house, at the termination of his five and a half year tenure there. Monday Kidd moved to Bay St. Louis City Hall after being sworn in as a city commissioner.

ETV-Channel 19

"Divorce and Alimony: The American Tragedy" will be the subject discussed on "The Humanist Alternative" at 8:30 p.m. July 10, over the Mississippi Educational Television Network (Channel 19).

Sidney Siller, noted divorce attorney, and Jean Baer, author of "The Second Wife" and director of "Seventeen Projects" for "Seventeen Magazine," will discuss the alarming increase in the national divorce rate and the ensuing problems of alimony, child support and remarriage.

James Mason will narrate "Rembrandt," a biographical film commemorating the Dutch painter on the 300th anniversary of his death at 9 p.m. July 5.

The program creates a portrait of the artist as seen through his own work. More than 600 of Rembrandt's works, gathered from

musings representing many of the world's major art galleries, were used.

Camera crews visit The Hague, Leyden, where Rembrandt was born and throughout Amsterdam, photographing Rembrandt's house, the Rijksmuseum, and Jodenbreestraat in the Jewish Quarter. There are many scenes of contemporary Holland which echo the setting of Rembrandt's paintings and drawings.

"Les Brigands," Jacques Offenbach's comic operetta about a group of 19th century Italian bandits who wind up being robbed, receives an encore broadcast by ETV at 8 p.m. July 7.

30 seconds isn't enough.

At a time when people are demanding more informative advertising, television commercials are getting shorter.

The trend is to 30 second spots. Or time for about 50 words.

That's not enough to tell everything consumers want to know these days: prices, colors, guarantees, where to find it, what it's made of, and so much more.

Instead, advertise where you can tell a complete story without being a "fast talker."

In newspapers you can give the full details - in 30 seconds the average reader can absorb 250 words, or 5 times as much information as from TV.

And newspapers let a consumer pause to evaluate, re-read, and even clip your ad as a reminder. Newspapers have always been the hardest working advertising medium.

And we think their future looks better than ever.

Landscape Architect

Draws On Perfections Of Nature For Inspiration

by Adoree Shortle
Echo Staff Writer

The first thing you notice about Jack Mize is that he's big, brawny, scarred ... and tough.

If you had to guess his vocation, you'd think fighter, weight lifter, cop, construction worker, a walking poster of the typical Marine sergeant.

The very last thing you'd think of is a landscape architect. A man who creates, or re-creates, the beauties of nature, who takes a myriad of plants, bushes, trees and rocks and overnight, transforms an area of raw ground into something so naturally beautiful you'd swear it had been there forever.

But that's what he is. A landscape artist, more than architect. And all the above things he has been, as well.

Now established in Gulfport with a rapidly growing business, Jack Mize's career in landscape design began in 1959 in his native Little Rock, Ark., where he worked as an assistant designer in charge of installation, while he was still in school.

For the next ten years, he remained in Little Rock and as his reputation grew, so did the scope of his commissions. In that period, Jack designed, drew plans and executed landscaping for such accounts as the large Pepsi Cola Bottling Co. plant, Safeway Administration offices in station, Southwest City Mall and the Tower Building, a high-rise office complex. He also handled the entire landscape design for South University Gardens in Little Rock.

In 1967 he established his own company, Mize Landscape Service, which he maintained until he moved to the Gulf Coast to execute his biggest series of projects to that date—the expansive Diamondhead Corp. development in Hancock County.

Mize designed, planned and landscaped the major development and administrative areas of the sprawling 6,500-acre tract, which included the sales, lodge, entrance drive, country club, pro shop, condominiums and motel units. So striking was the landscaping, in keeping with the Polynesian design of Diamondhead, that a national trade publication published a feature article on Mize's work in a March 1972 issue.

Other Diamondhead projects followed in rapid succession and Mize was

GARDENER'S PARADISE—Jack Mize, left, discusses potting and growing procedures with an employee at Mize's 22-acre farm north of Gulfport, where countless varieties of domestic and imported plants are grown, along with a small forest of trees. Mize, Gulf Coast landscape architect and president of the Mississippi Chapter of the American Institute of Landscape Architects, has landscaped some of the largest residential and resort developments on the Coast.

(Echo staff photo by Adoree Shortle)

commissioned to landscape Lake Forest in Mobile, Newport in Crosby, Texas, and Falconhead in Oklahoma.

On the Coast, he designed landscaping for several other newly-built apartment complexes such as the four Tally Enterprises, Inc. projects. His landscaping for the new Gulfport Police Dept. installation in 1971 brought Mize a key to the city award from the Mayor. His landscaping for Gulf Coast Military Academy in Long Beach brought him an Outstanding Military Design award.

On the walls of Mize's office at 384 Courthouse Road in Gulfport are hanging numerous plaques and awards attesting to his talents in the landscaping field, along with his certificate as a licensed landscape architect.

Altar Society Holds Meeting

St. Ann's Altar Society met Monday night in the rectory to discuss plans for the annual Parish fair to be held July 28 and 29. Jamaica Holiday will be the theme of the affair.

It was announced a chicken barbecue, with Michael Schmitt as chairman, will be held at 6 p.m. July 14 in the Parish Hall. Donation will be \$1.35 per person.

A women's softball tournament was scheduled for Sunday, July 29, starting at 9 a.m. on the church grounds with local teams participating.

Boys and girls, ages five through 18, are eligible to enter the Jamaica Holiday king and queen contest. Further information is available by contacting Mrs. Gloria Moran or Mrs. Frank Corcoran. It was noted, because of the fair the Altar Society will not hold its monthly luncheon-social scheduled for July 25. The next luncheon will be August 22.

Richard Toribio is general chairman for the fair with Mrs. Corcoran as co-chairman.

OFFICIALS STALL...

(Continued from page 1A)

Later, when asked if he plans to arrest anyone selling fireworks, Marshal Bourgeois told the Echo, "I haven't seen anyone selling fireworks." He then explained that police had to "catch them in the act" and offered to arrest an offender if a citizen will sign an affidavit against a fireworks salesman.

In an unrelated matter, the board agreed to draft a letter to congressional representatives requesting that Waveland citizens be given a \$5,000 forgiveness and a one percent interest rate on all SEA loans.

Clarence Evans, resident engineer for the sewerage project announced that the following streets would be included during July: Terrace Street; Arlington and Hillcrest Streets; Bourgeois Street (from Coleman Ave.

to Hillcrest St.); Blenville Street; Herlihy Street (from St. Joseph St. to GETS GRANT

The city of Waveland has been awarded a \$187,030 grant from the Mississippi Air and Water Pollution Control Comm. for construction of its sewerage collection system.

The grant is made available under program established by the state legislature to aid municipalities in waste water treatment plants construction.

The Comm. said the city is also eligible for an additional \$272,470 for construction of its sewerage treatment plant.

Combell St.); Beach Boulevard (from Bay St. Louis city line to Coleman Ave.); Old Spanish Trail (from Nicholson Ave. to Bay St. Louis city

line); Meadow Lane and Marjorie and Azalea Streets; Waveland Ave. (from L&N railroad to Highway 90); Old Spanish Trail (from St. Joseph St. to Nicholson Ave.); Waveland Ave. (from L&N railroad to Beach Blvd.); Marcus Drive; and Coleman Ave.

Testing will begin July 5 and repaving will begin immediately upon completion of tests.

In other action, the board:

—Took under advisement two bids for a new fire truck.

—Agreed to accept low bid of Moosa Equipment Co., of Eunice, La., for purchase of fire hose.

—Discussed the possibility of giving all city employees a raise in August when the board sets the budget for 1973-74.

COUNTY ASSESSMENTS...

(Continued from page 1A)

A motion was passed to advertise for bids to install air conditioning systems in Senior citizens' headquarters and rooms in Valens C. Jones building as well as the Pearlinton Community Center, to be paid by allocation of revenue sharing funds. Bid opening was set for August 6, 11 a.m.

Only one bid was received from Paul E. Bounds of Playune for the purchase of a county-owned spreader. Bounds

offer of \$368.50 was held in abeyance pending re-advertisement to include a tractor.

A letter was read from County Health Officer Wayne Alliston informing the board that "funds appropriated by the Older American Area-wide Model Program (Senior Citizens program) for nursing services, have been cancelled to the local health department and transferred to a home health service

group in Hattiesburg." The Hancock County health department was given only three days notice of the action, Alliston said in the letter.

Approximately \$16,000 was earned from the nursing service last year and the present action will "seriously curtail matching funds from the state," he charged.

The board agreed to investigate the matter further.

Deputies Arrest Three On Narcotics Charges

Sheriff's deputies arrested two Waveland youths and a juvenile girl for narcotics violations Tuesday night at a Highway 90 location.

Deputies Robert Tartavouille and James Lee stopped the car the trio was riding in as the vehicle was weaving on the road, constituting a traffic hazard, according to the deputy's report. A search of the vehicle by Special Agents Ronald Peterson and Paul Bernard

revealed a quantity of marijuana seeds and drug paraphernalia.

Jack L. Collins, 20, 202 Vacation Lane, driver of the car, and his companions, Phillip Mollere, 18, and a 17-year-old Waveland girl, were brought to the county jail and charged with possession of marijuana seeds and possession of drug paraphernalia.

In addition, Collins was charged with driving under the influence of in-

toxicating beverages and contributing to the delinquency of a minor. Besides possession, Mollere was charged with contributing to the delinquency of a minor and public drunk. Mollere listed his address as 300 Coleman Ave.

Collins and Mollere are scheduled for a preliminary hearing Wednesday night before Justice of the Peace Lee Klein and the girl has been remanded to juvenile authorities for further action.

Local Clergy To Visit Rome

The Reverend Leonard Olivier, of the Divine Word Missionaries who recently completed a six-year term of office as Rector of the local Seminary, will leave July 13 for Rome.

He will then go to Nemi, a small town near Rome, where he will pursue a six-month course in the various branches of theology at his Society's seminary.

While in Europe he will visit Dublin, London, Paris, Cologne and Munich.

Father Olivier, who spent the greater part of the 22 years of his priestly life at St. Augustine Seminary, will return to the United States in December and will be given another assignment.

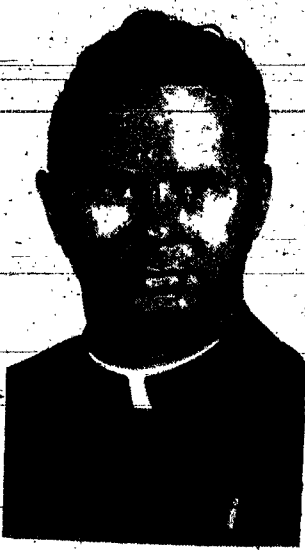

Father William J. Kelly, S.V.D., vocation director of Divine Word Seminary, will also spend six months in Nemi, Italy, studying various branches of theology. Prior to his departure for Rome, Father Kelly will spend a few days at home in Mansfield, Mass., visiting relatives.

Ordained in 1967 at St. Augustine's, Father Kelly was first appointed editor of the Divine Word Messenger and co-vocation director of the Southern Province. Two years

later he was appointed vocation director, a post he still holds. He is a senator on the Priests' Senate of the Diocese of Natchez-Jackson, and a member of the continuing education committee for the Senate.

During the past two years, Father Kelly has also served as a public relations director, Guidance counselor at St. Stanislaus, chaplain for Hancock County Sheriff's office and the Bay St. Louis Fire Department. Father will

resume his duties as vocation director upon his return in January.

Reflections

ONE OF THE oldest pictures submitted for Reflections is this tintype from 1870 provided by Mrs. Charles Perre Banderet of Bay St. Louis. The two men in the photo are Richard Mendez, left and H.A. Perre. Mendez at one time served as treasurer of the Bay and Perre was in the bakery business until his death. (Readers are urged to submit photos to the Echo for use in Reflections. All pictures will be returned unharmed at the Echo office. Use of all photos is left to the discretion of the editor.)

Echoes

Miss Rachel Norgress has spent the past month traveling between New Orleans and Bay St. Louis. She came to Bay St. Louis to attend the show "I Never Sang For My Father," at the Little Theatre; then went to New Orleans to attend the June luncheon program of the New Orleans Chapter, Daughters of the American Revolution and the annual luncheon of the Colonial Dames of the XVII Century at Tulane Center.

Miss Norgress and her sister, Mabel Norgress of Bay St. Louis left by plane June 24 for New York where they joined a historical tour of New England. On their return trip they spent two days in New York where they attended two

popular stage shows. They will return this week and spend the remainder of the summer at their cottage on Boardman Avenue.

Sodality Plans Rummage Sale

Monthly meeting of the Sodality of St. Clare's Parish, Waveland, was held at 2 p.m. June 26, in Costello Hall with Mrs. Junius Boudreaux, prefect, presiding.

Reports were given by Mrs. Joseph Damiens, recording secretary; Mrs. Adrien Chagnard, treasurer; and Mrs. Maurice Puchot who reported in the absence of Mrs. Daniel LeRoy, corresponding secretary.

Mesdames E.N. Canady, publicity chairman, Mrs. Henry Berry, entertainment, and Mrs. William Faulkner, sewing chairman, also gave their reports of activities during the month.

Mrs. Faulkner announced a rummage sale will be held by the Sodality Friday, July 20, from 9 a.m. to 5 p.m. in Costello Hall.

Proceeds will go to the annual Parish fall. Mrs. Albert Von Antz discussed the Tupperware party scheduled for September and Mrs. David Markey, fish fry chairman, asked for the cooperation of members for the affair to be held Friday, August 3 in conjunction with the annual fair scheduled for August 4 and 5.

Three new members, Mesdames William J. Kietz, Otto May and James Hubert, were welcomed by the group. Rt. Rev. Msgr. John Scanlon, pastor St. Clare Church, offered the closing prayer.

A social hour followed with Mrs. Frank Lotz as hostess.

Echoes

Mr. and Mrs. Lamar Crosby had as guests last week her sister Mrs. Ed Duzant of Brazil, her brother and sister-in-law Mr. and Mrs. Eugene Ingram, Indianapolis, Ind., and Mr. Crosby's brother and sister-in-law Mr. and Mrs. Orville Crosby and family of Houston, Texas.

Miss Udell Favre and Mrs. Lillian Carver are spending this week with friends in Pine Bluff and Little Rock, Arkansas.

Mr. and Mrs. Jeffrey Favre and children Christian and Libby of Houston, Texas, are visiting this week with his mother, Mrs. A.G. Favre Sr. and family.

Ed Friloux, Jr. is back home and recuperating nicely following surgery at a New Orleans hospital. Eddy lost his tonsils and adenoids in the process!

Mrs. Pascal Caruso returned Thursday from a visit of several weeks in Alabama. She spent several days with relatives in Birmingham and with her son and daughter-in-law Mr. and Mrs. Vincent P. Caruso and family in Huntsville.

She also attended the wedding of her grandson Pascal Caruso and Miss Mary Virginia Rubel June 16 in Clarksville, Tenn. The bride and groom are making their home in Birmingham while he attends the School of Medicine at the University of Alabama.

Lutz-Moran Exchange Vows

Miss Rita Edna Moran, daughter of Mr. and Mrs. Carl J. Moran Sr., of Kiln, became the bride of Gregory John Lutz, son of Mr. and Mrs. Edwin A. Lutz of Rockford, Illinois, Saturday, June 16, at Our Lady of the Gulf Catholic Church with the Rev. Alfred Galvan of Elmendorf Air Force Base, Anchorage, Alaska, officiating.

Altar boys were Philip Moran, brother of the bride, and Wayne Hoda of Kiln.

Given in marriage by her father, the bride wore a formal gown of silk organza. Clusters of re-embroidered Venise-lace blossoms embellished the empire style bodice fashioned with sheer lantern sleeves. Venise lace and a soft ruffle accented the wedding ring neckline. A band of Venise blossoms edged the hem of the A-line skirt and outlined the cathedral length train. Her elbow length veil of illusion drifted from a

Camelot style headpiece accented with rows of lace and ribbon. She carried a cascade bouquet of spring white sweetheart roses, daisies, stephanotis and baby's breath.

The bridesmaids wore formal yellow voile dresses with printed empire bodices and carried cascade bouquets of daisies and baby's breath.

Attending the bride as matron of honor was Mrs. William Teachout, sister of the bride of Dayton, Ohio.

Bridesmaids were Mrs. Woodson Westfield, Hattiesburg; Mrs. Jack Gordy, Jackson, both sisters of the bride; and Mrs. Carl J. Moran Jr., sister-in-law of the bride, Raymond, Miss.

Acting as best man was Joseph Getty, Kenosha, Wisconsin. Groomsmen were Eugene Lutz, brother of the groom, Phoenix, Arizona; Michael Rice, Chicago, Ill.; and Michael Eck, Houston, Texas.

Ushers were Thomas Lutz, Houston, and Terry Lutz, Rockford, Ill., brothers of the groom.

For the occasion, the mother of the bride wore a formal light blue silk dress with sheer sleeves accented by pearl trim around the neck and cuffs. Mrs. Lutz chose a formal light yellow embroidered silk dress accented by a fitted midriff and a flowing full skirt. Both mothers wore purple orchid corsages. Following the ceremony a reception was held in the Officers' Open Mess at Keesler.

After a wedding trip to Florida, the couple will reside at Edgewater Garden Apartments, Biloxi.

Miss Loiavano Feted

Pre-nuptial parties honoring Miss Pamela Joan Loiavano, who became the bride of Robert Joseph Parker Sunday at Our Lady of the Gulf Catholic Church, included a shower June 12 hosted by Mrs. Ronald Arigues at her home.

A yellow and white color scheme was used in the decorations.

The honoree, who wore a pastel tulle dress, was

presented with a corsage of white carnations. The mothers, Mrs. J.E. Loiavano and Mrs. Earl McNece each received a white carnation corsage.

On June 18 Mrs. Alan Noon and Mrs. W.W. Webre hosted a bridal shower at the American Legion home. For the occasion the honoree chose a double knit navy blue dress with matching accessories and was given a pink carnation corsage.

Mrs. J.E. Loiavano Jr. entertained June 20 with a bridal luncheon at Diamondhead Country Club. Carnation corsages were given to the honoree, Mrs. Loiavano and Mrs. McNece.

SODALITY ACTIVITIES
July activities for the Sodality of Our Lady of St. Clare's Parish, Waveland, will include monthly social sponsored by the Sodality at Noon July 11 in Costello Hall, and monthly meeting 2 p.m. July 24, Costello Hall.

Bay St. Louis, and Paul Miller New Orleans served as ushers.

A reception was held at Bay St. Louis Youth Center.

Mrs. Thomas chose for the occasion a royal blue double knit two piece suit with white accessories and a corsage of white carnations. The mother of the groom wore a long white knit dress with matching accessories and a white carnation corsage.

The bride's table overlaid with tiers of net interspersed with carnations and fern, was centered with a three-tiered cake decorated with pink spun sugar roses, pastel flowers and tiny pale pink sugar bells.

An arrangement of satin bells and lily of the valley trimmed the top tier. The bride's aunt Mrs. Rena Strong presided at the cake table; another aunt, Mrs. Gustave Sison Sr. was at the punch bowl and Mrs. Curtis Thomas Sr. kept the guest register.

For her wedding trip the bride chose a rust pants suit with a plaid coat and the orchid corsage from her wedding bouquet.

The couple will make their home in Kaiserslautern, Germany, where the groom is stationed with the U.S. Army.

Out of town guests were Mr. and Mrs. Gustave Sison, Mr. and Mrs. Arthur Thomas, Mrs. Patsy McFaddin, Mrs. Faye Chailot, Mrs. Frank Davis, Mrs. Lloyd Moran, Monroe Sison, Frank Sison and daughter Beth, Mrs. Margaret Davis, Mrs. Beverly McHughes, Mr. and Mrs. Daniel Moran, Mr. and Mrs. Billy Thomas, Slidell, La.; Mrs. Ethel Saucier, Baton Rouge, La.; Mr. and Mrs. Bob Necaise, Luling, La.; Mr. and Mrs. Charles Sykes, Long Beach, Miss.; Mr. and Mrs. Lee L. Miss Debra Leigh Scianna, daughter of Mr. and Mrs. John J. Scianna of Bay St. Louis, became the bride of Charles C. Herring Jr., son of Mr. and Mrs. Herring Sr. of Long Beach, Miss., Saturday afternoon, June 23, in Our Lady of the Gulf Catholic Church with the Very Rev. Gregory Johnson, pastor, officiating.

Mrs. Francis Wheat, Gulfport, organist, played the traditional wedding marches.

Given in marriage by her father, the bride wore an old fashioned Colonial style gown of silk organza. Nottingham lace fashioned a lifted bodice and accented the wide cuffs of sheer Camelot sleeves. Dainty self buttons drifted down the front of the bodice. Bands of repeated lace and a wide flounce encircled the hem of a softly gathered belt skirt. Corresponding lace bordered her full length veil of illusion. She carried a bouquet of white daisies.

Attending the bride as matron of honor was Mrs. James T. Fayard of Bay St. Louis. Miss Marcelene Asher, Bay St. Louis, served as flower girl.

Mr. Herring attended his son as best man. Ushers were

MR. AND MRS. JAMES BURKES
(Photo by Bob Hubbard)

Burkes-Smith Exchange Vows

Miss Karen Paulette Smith, daughter of Mr. and Mrs. Leotis Smith of Bay St. Louis, and James Ray Burkes, son of Mrs. Dolly Johnson, Bay St. Louis, were married at 7 p.m. June 4 at the First Assembly of God Church, Waveland.

The Rev. E.L. Stewart performed the double ring ceremony. Given in marriage by her father, the bride wore an Antebellum style gown fashioned with a scalloped bodice and long sleeves trimmed with sequins. Her long veil of illusion was edged with lace and she carried a bouquet of daisies and baby's breath.

Miss Janet Lutich, Kiln, Miss., attended the bride as maid of honor and Mrs. Carol Mitchell, Pearlinton, was matron of honor. Bridesmaids were Misses Beverly, Regina and Rhonda Smith, sisters of the bride. Miss Cheryl Slade, niece of the groom, served as flower girl.

They wore formal Empire style dotted Swiss dresses in pastel shades with matching headpieces of illusion and carried bouquets of daisies. The flower girl carried a basket of daisies and baby's breath.

Ricky Smith, brother of the bride, was best man. Groomsmen were Hubert Seals, Bay St. Louis, Joe Parker, uncle of the bride, Houma, La., Nicky Slade, nephew of the groom, Lum-

berton, Miss., and Ray Crosby, cousin of the bride, Bay St. Louis. Mike Richardson and John Grundy, both of Bay St. Louis, served as ushers. Dexter Smith, brother of the bride was ring bearer and April Crosby and Kelly Austin, cousins of the bride, were train bearers.

Yellow and white streamers and wedding bells decorated the home of the bride's parents for the reception following the ceremony.

The mother of the bride received their guests wearing a pink dress fashioned with a matching jacket and an orchid corsage. The mother of the groom chose a yellow sleeveless dress. An orchid corsage completed her ensemble.

Mrs. Larry Slade and Mrs. Steve Crosby presided at the cake table. Mesdames Rufus Hill, Joe Parker and Brenda Violette and Miss Mona Sauer were at the punch bowl and refreshment table. Misses Laura Lindberg, Sheila Spiers, Donna Crosby and Debra Seals served as tea girls.

The guest register was kept by Miss Cheryl Crosby.

For traveling the bride wore a long halter style dress with an orchid corsage.

Upon their return from a wedding trip to Fort Walton Beach, Fla., the couple will make their home at 414 1/2 Carroll Avenue, Bay St. Louis.

Workshop

Two student athletic trainers from Hancock County were among the 40 persons who attended the Student Trainer Workshop June 24-27 at Northeast Louisiana University, Monroe, La.

The two were Andy Lagarde from Bay St. Louis, a student athletic trainer at St. Stanislaus High School, and Joe Williams, from Waveland, a student athletic trainer at Rivercrest High School.

The workshop featured lectures by Head Trainer Charles Martin of NIU as well as Bubba Porche of Tulane, Tracy Ladd of LSU and Ken Rawlinson of Oklahoma.

Student trainers from six states attended the workshop, which was co-sponsored by Northeast and Cramer Products Inc. of Gardner, Kan.

'Greatest Mom' Contest Opens

Here's one way for area children to say thank you to their Moms, if they have trouble doing it verbally. The Bay St. Louis Jaycee Wives are sponsoring a "Greatest Mom in the World" contest, open to children of all ages.

Contest rules are simple requiring only that contestants submit an essay, in 25 words or less, on "I think my Mom is the greatest because..."

Be sure to include contestant's name, address and telephone number (print, please!) on the essay and 50 cents entrance fee. Mail to: Michael Cuevas, 308 deMontluzin St., Bay St. Louis, Ms. 39520, before August 1.

Mrs. Cuevas advises there will be "prizes galore" for the lucky mother of the winning contestant.

Winners will be announced August 14.

Echoes

A group of 24 children of the First Baptist Church left Monday morning accompanied by Ronnie Hague and Zeke Hunter for a three-day stay at the Warren-Tully YMCA camp, near Vicksburg.

While there they will enjoy camping and swimming activities in addition to periods of Bible study. They will return July 4, and 12 of the older youth will depart the same day, accompanied by Mrs. Allie Coppelich, returning July 7.

Mr. and Mrs. Earl McNeese entertained at an after

rehearsal dinner Saturday evening at Moody's Restaurant, Gulfport, for their son Robert Joseph Parker and his bride-elect, Pamela Joan Lolocono.

Guests included the bridal party and members of both families. During the evening Miss Lolocono and Mr. Parker presented gifts to their attendants.

Mr. and Mrs. Ricky Hayes and sons Bill, Tony and Lil Ricky of Hawkinsville, Ga. visited for several days last week with Mr. Hayes grandmother, Mrs. Esther Travira Cuevas.

KANTCHA KETCHUM
By L.S. (Doc) Elliott

soon. Mrs. Brady is a sister of Mrs. Fred Garner. Welcome here folks.

Understand that Bayou Caddy was originally named Point Clair Island. Maybe old timers can get us straight.

York State. He has retired and will live at Bay St. Louis. He plans to go back to fishing.

Enjoying a fishing trip last week aboard the Merchant Bank Co. boat the "Buddie B" were J.P. Compretta, Larry

Burrages, John Scaffide, Jr., Dusty Rhodes, Bub Genin, and Jerry Seuzeneaux. About 125 Spanish Mackerel were caught. Jerry Seuzeneaux landed the most fish while Bub Genin got the largest. A bunch of ardent and experienced fishermen.

John Steiglet is an old timer when it comes to doing salt and fresh water fishing. He is

Harold Steiglet's father.

James Bennett and his father, Grover Bennett are both hunters and fishermen. They half from up Pearlinton ways. Mr. Bennett, Sr., is one of our best deer hunters here about. Started when a boy, he

Ed Nelson is a natural born when it come to throwing a

cast net for mullets. He fishes with Bravo Woodcock and Sylvester Alexander from Pass Christian.

Met another old time fisherman, Isadore Givens from Pearlinton. Isadore still gets plenty fish and game in that area.

SPORTSMAN OF THE WEEK Ralph Fredericks is not much of a fisherman as he claims. His favorite sport is scuba diving. Tells some interesting stories about being under water.

Another grand and glorious 4th of July has passed. The day on the Coast was spent by thousands of visitors skinning, fishing, boating and picnicking and enjoying swimming in local waters and on the beaches. Bonfires were numerous while the Bay looked like Canal Street with hundreds of soft crabs and floundering lights everywhere, out all during the nights during the 4-day holiday. Some soft crabs and flounders were caught.

As for fishing both salt and fresh water fish were caught. Speckle trout have seemed to moved in all along the seawall at both ends while a few were caught up Jourdan River.

Hard crabs are being caught most everywhere.

The shrimp season is open and local boats are going out daily seeking the prized crustaceans. Some good catches have been reported. Shrimp boats are moored up Pearl River as far as Pearlinton from which point they operate.

A pre-4th of July party was held Thursday at the home of Mr. and Mrs. Al Leddy down in Waveland. Present were Olga Adam, Mr. and Mrs. Vic Schwartz, Ed Nelson, Audrey Curet and daughter, Doreen of New Orleans, Julie Zitz Mann and granddaughter, who were vacationing for the Fourth. Al Leddy who is an expert at barbecuing, barbecued Nutra. It was my first attempt at eating Nutra. Wasn't too bad. These folks all enjoy crabbing and fishing.

Dominick Sonier told us that he has been catching some nice size soft crabs. Dominick is an authority on catching soft crab's. Predicts some good soft crabbing coming up.

Beryl Nelson is a champion at catching hard crab's as well as boiling them.

When sports like Henry Lang and John Damborino say they have been catching soft crabs and flounders you can bet they are giving. John caught 4 flounders the other night and Henry brought home a mess of soft crabs.

Ernest Serpas who works at the Gulfport post office is a fly fisherman. He fishes at Cedar Lake and catches his share of the prized fish.

Was a pleasure talking to Chink and Ruth down by Bayou Caddy. Long time no see. Those fish will be coming folks!

Buck Fontaine is a carpenter by trade but a hunter and fisherman at heart. Gets his share of fish and game.

KANTCHA KETCHUM...

(Continued from page 5B)

Had a quick visit from Tommy Baudry, John Baudry, Eddie Haggerty, Christy Demerest and Rosalind Lefant. They were on their way to Biloxi to spend the day Saturday. The men folks are our grandsons.

Mr. Calvin Ferran, and son, Rene with John Baudry made a fishing trip to Grand Isle at Mr. Ferran's Camp over the past weekend. They fished for speckles and caught over 100 speckles in about 2 hours with some school dolphins. Mr. Ferran caught his first sail fish after years of trying. It was a swell trip they claimed. They were aboard the Ferran boat.

Read where the Missouri river is 2,946 miles long; from its junction with the Mississippi River. Their combined length is 4,200 miles which exceeds any other river.

Don Mallini and Dwain Mallini do most of their fishing out in the La. marshes. They make a brother-team that is hard to beat. Are always ready to go.

Joe Barbo does a lot of fishing at the Rock Pile at Henderson Point. He said he has been catching school speckle trout lately.

E.W. Rolland has moved to Waveland from New Orleans. He is retired and enjoys crabbing, soft crabbing and floundering. E.W. was a safe and lock man when working. Says there is nothing like the Mississippi Gulf Coast as a place to live.

Others verifying that speckles are being caught down by Clermont Harbor are Bob Stubblefield and Harlen Watkins. They bite best when the tide is rising. Harlen said. The trout are all pan size.

When fishing did you know that lightning in the West or North West usually is in a storm that will reach you Storms to south or East go past.

Hunters know that fowl tend to fly higher in good weather than in bad. Low pressure affects their ears. Outdoor Life.

Mr. and Mrs. Holden Barre, Jr. and family visited their parents over the weekend. Young Barre, fished, crabbed and used a cast net for mullets. The Barre's Sr. live in Waveland.

Paul Pursley had the pleasure of catching a 7 1/2 pound bass Sunday at Necale's Pond near Rocky Hill in Hancock County. He was fishing with Butch Bargham.

ORDINANCE NO. 83

AN ORDINANCE AMENDING THE EMERGENCY BUILDING CODE BY DEFINING AND SPECIFYING THE TYPE OF REINFORCING STRAPS TO BE USED IN CONSTRUCTION IN THE CITY OF WAVELAND

WHEREAS, by Ordinance No. 47, the City of Waveland adopted an emergency building code and;

WHEREAS, by subsequent ordinance thereto have amended the said emergency building code and;

WHEREAS, it is now necessary to further define and specify the types of reinforcing straps which will be used in construction in the City of Waveland;

NOW THEREFORE, be it ordained by the Mayor and Board of Aldermen of the City of Waveland:

Section 1 - There is hereby added to the emergency building code, paragraph 116.7 which shall read as follows:

1. Straps shall be used on Alternate studs under the sill and bent into a "U" shape and nailed to the studs and sill.

Straps of the same shape and size shall be used to anchor the top plate to the same studs.

Again the straps shall be nailed to both members framing the top plate and to the studs.

The straps referred to are the same as those handled by most of the local lumber yards (1 1/2" x 10" - 20 gauge galvanized, punched with 1/8" diameter holes.)

When approved solid wood or plywood sheathing is used, the above straps are not required.

This type of sheathing must be securely nailed to the sill, studs and top plate by 6d nails, 6" on center around the perimeter of all sheets and 12" on center on the interior studs.

2. When black insulating sheathing is used, 1" x 4" "let-in" diagonal bracing shall be used at all corners, or one sheet of plywood 1/2" thick shall be used in each direction from all corners.

This plywood shall be nailed as described above.

On long structures, one sheet of plywood 1/2" thick shall be nailed across the ends of transverse interior partitions approximately 30' LF on centers, as directed by the inspector.

3. On multi-story buildings at each floor: straps will be required extending from the studs on the lower floor, fastened to the header joists, and extending upward and nailed to the joist on the upper floor.

The same "U" shaped strap will be required on each top plate of each floor.

4. In all cases, the strap material must be not less than 20 gauge, pipe material (strap iron) is not acceptable for structural support requirements.

5. Structural supports (straps) shall not be more than 32" o.c.

Section 2 - Where straps are required:

When black insulating sheathing is used, the subject straps will be fastened on the top and bottom of alternate studs as shown on the attached sketch.

Section 3 - Where straps are not required:

When approved plywood sheathing (fastened in accordance with the Southern Standard Building Code) is used, the subject straps are not required.

To be acceptable, plywood must have prior approval of the Building Official.

Section 4 - The emergency building code as hereby amended remains in full force and effect throughout the City of Waveland.

Section 5 - The foregoing ordinance being essential to the preservation of the health, safety and welfare of the people of Waveland, shall be effective from and after its passage.

The foregoing ordinance having been read section by section and then as a whole, Alderman Dan Campion moved the adoption of the said ordinance, which said motion was duly seconded by

Alderman John Longo whereupon the Mayor called Lila Taylor D.C. the motion to a roll call vote.

This 28th day of JUNE A. D. 1973.

The straps referred to are the same as those handled by most of the local lumber yards (1 1/2" x 10" - 20 gauge galvanized, punched with 1/8" diameter holes.)

When approved solid wood or plywood sheathing is used, the above straps are not required.

This type of sheathing must be securely nailed to the sill, studs and top plate by 6d nails, 6" on center around the perimeter of all sheets and 12" on center on the interior studs.

2. When black insulating sheathing is used, 1" x 4" "let-in" diagonal bracing shall be used at all corners, or one sheet of plywood 1/2" thick shall be used in each direction from all corners.

This plywood shall be nailed as described above.

On long structures, one sheet of plywood 1/2" thick shall be nailed across the ends of transverse interior partitions approximately 30' LF on centers, as directed by the inspector.

3. On multi-story buildings at each floor: straps will be required extending from the studs on the lower floor, fastened to the header joists, and extending upward and nailed to the joist on the upper floor.

The same "U" shaped strap will be required on each top plate of each floor.

4. In all cases, the strap material must be not less than 20 gauge, pipe material (strap iron) is not acceptable for structural support requirements.

5. Structural supports (straps) shall not be more than 32" o.c.

Section 2 - Where straps are required:

When black insulating sheathing is used, the subject straps will be fastened on the top and bottom of alternate studs as shown on the attached sketch.

Section 3 - Where straps are not required:

When approved plywood sheathing (fastened in accordance with the Southern Standard Building Code) is used, the subject straps are not required.

To be acceptable, plywood must have prior approval of the Building Official.

Section 4 - The emergency building code as hereby amended remains in full force and effect throughout the City of Waveland.

Section 5 - The foregoing ordinance being essential to the preservation of the health, safety and welfare of the people of Waveland, shall be effective from and after its passage.

The foregoing ordinance having been read section by section and then as a whole, Alderman Dan Campion moved the adoption of the said ordinance, which said motion was duly seconded by

Alderman John Longo whereupon the Mayor called Lila Taylor D.C. the motion to a roll call vote.

This 28th day of JUNE A. D. 1973.

ORDINANCE NO. 83

AN ORDINANCE AMENDING THE EMERGENCY BUILDING CODE BY DEFINING AND SPECIFYING THE TYPE OF REINFORCING STRAPS TO BE USED IN CONSTRUCTION IN THE CITY OF WAVELAND

WHEREAS, by Ordinance No. 47, the City of Waveland adopted an emergency building code and;

WHEREAS, by subsequent ordinance thereto have amended the said emergency building code and;

WHEREAS, it is now necessary to further define and specify the types of reinforcing straps which will be used in construction in the City of Waveland;

NOW THEREFORE, be it ordained by the Mayor and Board of Aldermen of the City of Waveland:

Section 1 - There is hereby added to the emergency building code, paragraph 116.7 which shall read as follows:

1. Straps shall be used on Alternate studs under the sill and bent into a "U" shape and nailed to the studs and sill.

Straps of the same shape and size shall be used to anchor the top plate to the same studs.

Again the straps shall be nailed to both members framing the top plate and to the studs.

The straps referred to are the same as those handled by most of the local lumber yards (1 1/2" x 10" - 20 gauge galvanized, punched with 1/8" diameter holes.)

When approved solid wood or plywood sheathing is used, the above straps are not required.

This type of sheathing must be securely nailed to the sill, studs and top plate by 6d nails, 6" on center around the perimeter of all sheets and 12" on center on the interior studs.

2. When black insulating sheathing is used, 1" x 4" "let-in" diagonal bracing shall be used at all corners, or one sheet of plywood 1/2" thick shall be used in each direction from all corners.

This plywood shall be nailed as described above.

On long structures, one sheet of plywood 1/2" thick shall be nailed across the ends of transverse interior partitions approximately 30' LF on centers, as directed by the inspector.

3. On multi-story buildings at each floor: straps will be required extending from the studs on the lower floor, fastened to the header joists, and extending upward and nailed to the joist on the upper floor.

The same "U" shaped strap will be required on each top plate of each floor.

4. In all cases, the strap material must be not less than 20 gauge, pipe material (strap iron) is not acceptable for structural support requirements.

5. Structural supports (straps) shall not be more than 32" o.c.

Section 2 - Where straps are required:

When black insulating sheathing is used, the subject straps will be fastened on the top and bottom of alternate studs as shown on the attached sketch.

Section 3 - Where straps are not required:

When approved plywood sheathing (fastened in accordance with the Southern Standard Building Code) is used, the subject straps are not required.

To be acceptable, plywood must have prior approval of the Building Official.

Free Bats And Baseballs To Little Leagues

PHILADELPHIA - A major consumer packaged goods promotion that will benefit Little League baseball teams across the country has been announced here.

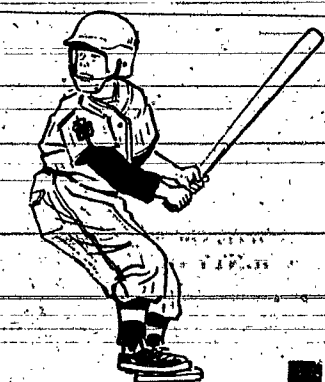

Up to \$300,000 worth of official baseballs and bats will be distributed to officially chartered Little League teams through a Scott Paper Company promotion.

Through July, collection of Seals of Quality from five of Scott's packaged production division products will earn up to five cents in value toward the baseballs and bats.

League efforts to collect Seals of Quality will be coordinated; however, individual consumers are urged to participate as well.

Distribution of baseballs and bats will be made on a prorated basis and will be handled entirely from Little League headquarters in Williamsport, Pa., to authorized Little Leagues.

This arrangement with Scott marks the first time in

the 34 year history of Little League that it has agreed to become partners with a major company.

Little League has more than 6,000 leagues throughout the United States with over one million youngsters participating in 50,000 teams.

Brands involved in the promotion include Scott Towels, Scotties Facial Tissue, Scott Tissue, Scott Family Napkins and Waldorf Family Scott Bathroom Tissue.
